FROM

THE HON'BLE MR. R. E. HOLLAND, C.I.E., I.C.S.,

Chief Commissioner, Ajmer-Merwara.

TO

THE SECRETARY TO THE GOVERNMENT OF INDIA IN THE
FOREIGN AND POLITICAL DEPARTMENT.

Dated, Mount Abu, the 3rd February 1921.

SIR,

I have the honour to submit the Annual Administration Report of Ajmer-Merwara for the year 1919-20, compiled by Major R. A. Lyall, I. A., who held the post of the Commissioner from the 26th May to the 5th December 1920, with my remarks thereon, embodied in Part I of the Report.

I have the honour to be,

Sir,

Your most obedient servant,

R. E. HOLLAND,

Chief Commissioner, Ajmer-Merwara.

PART I.

GENERAL SUMMARY

1. Very heavy falls of rain in July and August accounted for nearly the total rainfall of the year. The result was not favourable from an agricultural point of view and tanks were quickly emptied by the succeeding dry weather. Frost and hail storms in February and March contributed to the discomfiture of farmers, who on the whole had a disappointing year, and who were in many cases unable to pay the interest due on loans. The condition of the cotton crop was good but prices of cotton did not come up to expectations.

2. In spite of these adverse agricultural conditions, the Imperial revenues increased mainly, in must be confessed, under the head "Excise." This is partly due to the fact that the neighbouring Indian States are beginning to appreciate the superior quality of the spirit manufactured in Ajmer but largely to the increased consumption of country liquor in Ajmer-Merwara itself. However one may deprecate this increase one is bound to acknowledge that it is an indication of prosperity in so far as it shows that the people have the money to spend on this luxury in spite of the recently enhanced rate of still head duty. The larger out-turn of cotton goods from the local mills is a further sign of increasing prosperity. It is true that the expenditure also showed an increase, but it will be seen that this is mainly due to the payment of war allowance to the various staffs and to the establishment for special and temporary reasons of two additional law courts.

3. Education has advanced steadily. Four new primary schools were opened and four more schools qualified for State aid.

4. Crime generally was less, though the incidence of serious crime was somewhat in excess of that of the previous year. In common with the rest of India the tendency throughout the district appears to be towards increased litigation.

5. Villagers are beginning to show their appreciation of the action which Government have taken in controlling the alienation of their lands, and cases of evasion of these laws showed a marked decrease.

6. Mining development made some progress and the high prices for mica in particular stimulated enterprise to extract this mineral.

7. Understanding of true co-operative methods will need further development before the movement can be pronounced a complete success. Though it is making rapid strides in this direction, there is still an undue demand for loans for non-productive purposes, such as marriages and funerals, and for wild commercial speculations.

8. Infant mortality and vital statistics generally showed a marked improvement over the previous year. Some progress was made in improving the sanitation of Ajmer, though the state of this city still leaves much to be desired.

A comprehensive scheme for water supply and drainage is now under investigation.

There was no change in the appointments of the Assistant Commissioner, Ajmer-Merwara, and Extra-Assistant Commissioner, Ajmer, which were held respectively by Mr. E. C. Gibson and Rai Sahib Munshi Shanker Lal.

The post of Extra-Assistant Commissioner, Merwara, was held by Rai Bahadur Pandit Brij Jiwan Lal throughout the year, except from 23rd May to 30th September 1919, when he proceeded on privilege leave and Rai Sahib Munshi Bhagwati Lal officiated in the appointment.

The appointment of the Sub-Divisional Officer, Kekri, was held by Munshi Maharaj Swaroop from 1st April 1919 to 31st January 1920, except from 7th May to 15th October 1919, when he proceeded to officiate as Treasury Officer, Ajmer, and Pandit Nathu Lal acted in his place. From 1st February to the end of the year Mr. Mangi Lal Dosi acted in the appointment.

The office of the Civil Surgeon, Ajmer, was held by Lieutenant-Colonel P. B. Haig, C.B., I.M.S., from 1st April 1919 to 27th February 1920 and by Lieutenant-Colonel L. J. M. Deas, I. M. S., from 28th February to 31st March 1920. The office of Superintendent of Police was held by Mr. G. R. Higginson throughout the year.

2. The total revenue (Imperial and Local) of Ajmer-Merwara for the year amounted to Rs. 23,11,085 as compared with Rs. 22,16,961 last year.

**Revenue and
Expenditure (*vide*
Statement
No. 42).**

The total expenditure was Rs. 21,61,412 as against Rs. 18,72,138/- last year

Imperial revenue rose from Rs. 14,57,067 in the year 1918-19 to Rs. 15,45,806 in the year under report and the expenditure from Rs. 12,14,064 to Rs. 14,16,549. Including the figures of the Forest Department the total receipts amounted to Rs. 15,84,370 and the total expenditure to Rs. 14,64,749.

There was a surplus of only Rs. 1,29,257 in the Imperial revenue in 1919-20, as compared with Rs. 2,43,003 in the preceding year.

The principal variations in revenue and expenditure occurred under the following heads:—

[illegible][illegible]

Variations in receipts are explained as below :—

The increase in receipts under the head "Customs" is due to larger outturn of cotton goods from the local mills.

The increase in the Excise income is due partly to increase in the rate of still head duty on country liquor and mainly to larger consumption of country liquor, for the reasons given in sub-section A (2) of section V of this report.

The increase in the receipts under head "Income Tax" is due to the realization of arrears of the last year.

The decrease in receipts under head "Interest" is mainly due to short recoveries owing to scarcity in the district.

Variations in expenditure are explained as below :—

The increase of expenditure under the heads "Land Revenue," "Police" and "Education" is mainly due to payment of war allowance throughout the year.

The increased expenditure under the head "Courts of Law" is also due to war allowance as well as to the opening of two new temporary courts of Special Additional District Judge, Ajmer, and Special Sub-Judge, Beawar.

The increased expenditure under head "Interest" is due to payment of larger interest on war loans and other Government loans.

The increase in the expenditure under "Forest" is due to the quinquennial distribution of profits during the year under report and the payment of war allowance.

The decreased expenditure under head "Miscellaneous" is due to less remittances of hard cash from the Ajmer Treasury.

Land Alienation Regulation.

10. During the year, 220 applications for permission to sell land under the provisions of the Ajmer Alienation of Land Regulation (III of 1914) were received. Of these 176 were granted and 44 rejected. Three decrees were referred to the Collector under section 8(3) all of which were granted. In one the decree-holder was put in possession for 7 years, in another for 15 years, and in the third usufructuary possession under section 5(1) was given to the plaintiff for 4 years. Three applications were received for redemption of land under section 6. Of these one was sanctioned and two were rejected. Four applications were filed under section 15, of which two were sanctioned by the Hon'ble the Chief Commissioner, one was granted by the Collector and one was rejected. Both of these are still pending.

The villagers seem to realise more and more the advantages of this enactment, and although the number of applications for permanent transfer has not yet decreased yet the cases of evasion of the provisions of the Land Alienation Regulation have almost disappeared, and there was only one such case discovered during the year under report in the Todgarh Tahsil.

Nos. 26.

30. Owing mainly to continued high prices, due to after effects of the war, there was an increase in the number of documents registered during the year and a consequent increase in the income. But the area of agricultural land transferred by sale or mortgage showed a large decrease. This is due to the working of the Co-operative Credit Societies and the Land Alienation Regulation. The value of such land has considerably increased in recent years. The work of the Registration offices throughout the year was generally satisfactory.

(5)—MUNICIPALITIES (YEAR ENDING THE 31ST MARCH 1920).

Vide Statements
Nos. 27 to 30.

31. During the year under report, the constitution of the Ajmer Municipal Committee remained unchanged. The committee was composed of 23 members—6 nominated and 17 elected—and contained 8 Europeans and 15 Indians. *Ajmer Municipality: Population 86,273.*

During the year 7 special and 12 ordinary meetings were held, the average attendance at each meeting being 16·71 and 14·00 respectively.

32. The total income of the year was Rs. 4,22,641 as against Rs. 3,80,997 in 1918-19. The expenditure amounted to Rs. 4,17,947 as against Rs. 3,18,301 in the previous year. The closing balance was Rs. 1,10,219.

Exclusive of refunds, the income and expenditure show an increase of Rs. 23,379 and Rs. 81,381 respectively when compared with the figures of the preceding year.

The increase in receipts is attributable to abnormal collection of octroi owing to high prices prevailing in consequence of the war.

33. The gross and net receipts from octroi in the two years are shown below:—

						Gross.	Net.
1918-19	...	...	...	...	...	2,62,344	2,03,480.
1919-20	...	...	...	...	...	3,01,794	2,24,665.
Difference	...	...	...	...	...	+ 39,450	+ 21,185.

The increase of Rs. 39,450 in gross receipts has occurred chiefly under the items "sugar" "grains" "metals" and "piece-goods, viz., cloth etc."

34. The increase in expenditure amounting to Rs. 99,646 occurs chiefly under the heads "refunds," "lighting," "water supply," "conservancy" and "other items." The large exports of cloth, metals, sugar, and other articles of food are chiefly responsible for an increase under the head "refunds." Restoration of lighting to its normal condition accounts for an increase under the head "lighting." The increase under "water supply" is due to the fact that pumping had to be resorted to at Foyasagar and Bhaonta. The increase under "conservancy" is attributable to the revision of the scales of pay of the Mechanical Foreman and the engine and workshops staff, purchase of axle boxes and water carts, stocking and thatching grass and replacement of cattle unfit for work. The grant of war allowance to the municipal staff, cost of printing in connection with the last municipal general elections and peace celebrations, explain the increase under the head "other items."

35. A sum of Rs. 19,888 was paid during the year towards the liquidation of Government loans, the balance of which due by the municipality at the end of the year amounted to Rs. 4,89,698.

36. The incidence of taxation was Rs. 2-9-8 per head of the population against Rs. 2-5-9 in the preceding year.

37. The management of the Ajmer water works remained in the hands of the Executive Engineer, P. W. D., Ajmer Division.

38. The total rainfall recorded at the different registering stations during the year was as follows :—

(1) Foyasagar	...	...	...	...	...	16.26
(2) Municipal Water Works Godown	...	...	...	...	...	15.50
(3) Catchment area of the Foyasagar	...	...	...	...	...	16.16
(4) Bhaonta Water Works	...	...	...	...	...	24.09

At the Foyasagar and Budha Pushkar lakes, the water levels were respectively 10.41 and 0.1 $\frac{3}{4}$ at the commencement and 6.70 and 1.6 $\frac{3}{4}$ (below floor) at the close of the year. The water level of the Bhaonta well No. 5 on the 1st April 1919 was 97.25, while on the 31st March 1920 it was 94.59.

Water was pumped from the Foyasagar lake and the Bhaonta wells during the year at different intervals. Water was also pumped from the Budha Pushkar lake by the Railway for their own use for about a fortnight in June 1919.

39. The number of births recorded was 2,157 and of deaths 3,761, as against 1,719 and 6,840 in the previous year.

The birth and death rates per mille of population were 25.02 and 43.62 against 19.94 and 79.33 respectively in the preceding year.

The mortality among children under five years of age was 1,749 (46 per cent. of the total mortality) against 2,082 in the previous year.

40. The total number of vaccinations performed was 3,399 against 3,949 in the previous year.

41. The sanitary condition of the city is still bad and there is much room for improvement. The Civil Surgeon, Ajmer-Merwara, again complains against the sweepers' Birat system, but as stated last year it is impracticable to abolish it. The revised draft of the Ajmer-Merwara Municipalities Regulation, which contains a provision to give to municipal committees some measure of control over Birat sweepers, is under publication for public criticism. It is hoped that it will be passed into law and brought into effect ere long and then an improvement will be effected in this respect. Meanwhile it is satisfactory to note that the Civil Surgeon, as Convener of the Conservancy sub-committee, is trying to improve the system, which appears to lack adequate supervision.

42. The Civil Surgeon suggests that the number of conservancy carts should be increased, that the removal of filth and foul water should be carried out at night, that the number of public latrines and urinals should be increased, they should be kept in a sanitary condition and up-to-date, that the surface drainage scheme should be carried out and that slaughter houses and butchers' shops should be improved. These are the main points requiring immediate attention with a view to improve the sanitation of the city, and it is hoped that they will receive the earnest consideration of the municipal committee at their earliest convenience.

43. The committee held ten special and sixteen ordinary meetings.

44. The total income and expenditure for the year amounted respectively to Rs. 1,29,766 and Rs. 1,13,950 as against Rs. 1,31,996 and Rs. 1,16,929 in the preceding year. The closing balance was Rs. 48,829 exclusive of Rs. 25,999 invested in Government securities.

The income shows a decrease of Rs. 2,230, which is mainly visible under the heads "octroi" and "advances." The decrease under the former head is accounted for by less import of dutiable articles, while that under the latter head is due to the fact that last year there had been an extraordinary income owing to the realization of advances made for the purchase of salt for the municipal shop, which was not the case this year.

The decrease in expenditure amounting to Rs. 2,979 is mainly under the head "water supply," which is due to the fact that no extension of pipe line was taken in hand and no costly accessories were purchased.

45. The incidence of octroi taxation per head of population was Rs. 3-7-11 as against Rs. 3-7-1 in the year 1918-19.

46. The management of the Beawar water works remained in the hands of the Edward Mills Company, Limited, Beawar. There was sufficient water both in Jalia tank and wells. In the course of the year water was supplied to the town to the extent of 2·04 gallons per head of population per day at a cost of Rs. 6,516.

47. The numbers of births and deaths registered during the year were respectively 911 and 891 as against 637 and 2,103 in 1918-1919. The increase in births and the decrease in deaths is due to the fact that no epidemic diseases visited the town during the year under report.

48. The accounts for the year 1918-19 were audited by the Local Fund Audit Department of the United Provinces during the year.

49. The ceremony of laying the foundation stone of the new municipal school building at Beawar was performed by the Hon'ble Mr. R. E. Holland, C.I.E., I.C.S., the then Chief Commissioner of Ajmer-Merwara, on the 8th March 1920. The committee's scheme of making primary education free in the town was sanctioned by the Hon'ble the Chief Commissioner during the year. An industrial and agricultural exhibition was held at the Colvin Town Hall in connection with the Peace celebrations, which took place during the year at the termination of the European war.

By the close of the year there was a change in the office of the chairman of the committee owing to the appointment of Rai Bahadur Pandit Brij Jiwan Lal Sharma, B.A., I.S.O., to be Provincial Census Superintendent for Rajputana and Ajmer-Merwara. The committee highly appreciate the good work done by the Rai Bahadur during his regime as chairman. The office is now held by Rai Sahib Munshi Bhagwati Lal, the Extra-Assistant Commissioner, Merwara.

50. The only change in the constitution of the committee was the appointment as member of Munib Bhanwar Lal in place of Munib Ganpat Rai.

Kekri Municipality.
Population
5,926.

51. The committee held three ordinary and nine special meetings during the year.

52. The total income and expenditure amounted to Rs. 16,395 and Rs. 19,813 against Rs. 15,410 and Rs. 16,060 respectively in the preceding year. The increase in income is mainly visible under the head "octroi," which is the chief source of revenue of the municipality, due partly to the abnormal rise in the price of cloth and partly to the larger import of cotton in consequence of good produce during the year. The increase in expenditure is due to the payment of war allowance to the municipal employes for the year under report, as well as for the preceding year, increment in the pay of sweepers by Rs. 1-0-0 p.m. each, payment of the price of furniture, books, etc., purchased for the municipal school at Kekri, increased expenditure in holding the Teja fair and contribution of Rs. 500 towards the Peace celebrations held in December 1919.

53. The incidence of octroi taxation per head of population was Rs. 1-15-3 as against Rs. 1-12-8 in the year 1918-19.

54. The numbers of births and deaths recorded during the year were 120 and 126 against 104 and 374 respectively in the preceding year. The decrease in the rate of mortality is accounted for by the fact that the town was free from any epidemic disease during the year.

55. The balance at the credit of the municipality at the close of the year was Rs. 22,824 against Rs. 26,242 in the preceding year.

56. The financial condition of the municipality is far from satisfactory as was the case last year; the expenditure for the year under report exceeds the income by Rs. 3,418 with the result that the closing balance is diminished to that extent. As a measure of improving the finances of the municipality, the minimum refundable limit has recently been raised from Re. 1-0-0 to Rs. 2-0-0 as in Beawar, and a special sub-committee has been appointed to consider the question of imposing fresh taxation and revising the octroi schedule.

(6) MEDICAL (YEAR ENDING THE 31ST DECEMBER 1919).

57. The number of dispensaries in Ajmer-Merwara during the year ending 31st December 1919 remained the same as last year, *viz.*, seven.

The number of indoor and outdoor patients treated at these seven dispensaries was 66,703 as compared with 72,208 in the last year, as detailed below :—

	1918.	1919.	Increase or Decrease.
Indoor	1,139	1,170	+ 31
Outdoor	71,069	65,533	—5,536
Total	72,208	66,703	—5,505

The percentage of mortality to total cases treated as indoor patients, decreased from 8·87 in 1918 to 6·15 in 1919.

The total number of surgical operations of all kinds performed was 3,927 with one death during the year, against 3,751 with seven deaths in the previous year, showing an increase of 176 operations. Of these 1,348 were performed in the Victoria Hospital at Ajmer against 1,196 in the last year.

The figures of income and expenditure are as under :—

	1918.	1919.	Increase or Decrease.
Income	Rs. 30,610	Rs. 35,439	+ Rs. 4,829
Expenditure	„ 28,247	„ 32,654	+ „ 4,407

The excess in receipts is due to certain special grants and an additional contribution of Rs. 1,000 sanctioned by the Ajmer municipality in addition to its usual annual subscription of Rs. 2,500.

The increase in expenditure is due to a further enhancement in the price of commodities and the grant of war allowance to the medical staff at enhanced rates. The invested capital remained the same as last year *viz.*, Rs. 28,500.

The total amount of advances which remained outstanding under the two Acts at the close of the year was Rs. 4,63,166-5-5. The increase in the outstanding at the close of the year against that at the beginning of the year is due to the debit of cost of grass for previous years by the Controller of Military Accounts, 5th Mhow Division, in the account of the year under report.

63. The returns of the Bombay, Baroda and Central Indian Railway, (metre-gauge) show an increase in the number of passengers booked from stations in Ajmer-Merwara from 12,95,508 in the year 1918-19 to 17,44,711 in the year under report.

The grain traffic of the two most important local trade centres for the year under report and the previous year is given below :—

Imports of cotton at Beawar were 7,171 tons during the year under report as compared with 4,320 tons in 1918-19 and exports of raw cotton were 5,780 tons as against 2,754 tons in 1918-19.

Public Works.

64. During the year under review the total expenditure incurred on Public Works (exclusive of Irrigation works, Canals, and Railways) amounted to Rs. 4,66,367 of which Rs. 3,98,895 were spent on works within the jurisdiction of the Commissioner as against Rs. 2,52,818 in 1918-19.

The principal projects on which expenditure was incurred during the year were :—

- (1) Construction of a new Post Office at Ajmer with quarters for the Post Master.
- (2) Construction of quarters for 8 married and 4 bachelor Telegraphists attached to the Departmental Telegraph office at Ajmer.
- (3) Construction of Government High School, Ajmer.

Arboriculture.
Roadside tree
plantation.

65. During the year seven miles of avenues were planted. Of these two miles were on the District Fund and the remainder on the Imperial roads. The total length of roads planted or under plantation on the 1st April 1920 was 112 miles 3 furlongs.

1,207 trees were planted during the year and 753 died. The high percentage of failures was due mainly to the unusual frost in the winter, which affected the new plants seriously. The total cost of maintenance both on Imperial and District Fund roads amounted to * Rs. 7,303 as against Rs. 5,660 in the previous year.

66. 1,029 cattle were impounded for illicit grazing on the Imperial and District Fund roads against 1,230 in the year 1918-19. The decrease is due to less illicit grazing in consequence of careful supervision and abundance of fodder in the district.

67. The income derived from the sale of dry wood and Babul pods etc. amounted to Rs. 1,164 as against Rs. 997 in the previous year.

Inspection of
Rain-gauges.

68. The number of rain-gauges maintained in Ajmer-Merwara remained unchanged i.e., 83 as in the previous year. Of these 81 were inspected by the Civil and Public Works Department or Police officers and were found in good order.

* District Fund road Rs. 3,224 Imperial Roads. Rs. 4,079 Total 7,303.

69. The office of the Registrar was held by Mr. Jai Gopal up to the 8th February 1920 and by Mr. Bal Kishan for the remaining period of the year except from the 9th to the 23rd February 1920, when Chawdhri Fateh Mohammad, Inspector, Co-operative Societies, Merwara, held charge of the current duties of the Registrar in addition to his own.

Co-operative
Societies (Year
ending the 30th
June 1920).

70. From an agricultural point of view, the year was not a favourable one. It began with well distributed rainfall, and owing to favourable rains in July and August the Kharif sowings continued till late in the season. The scanty rains in September, however, changed the situation and the result was that the good outturn of the Kharif harvest was limited to early sown Chahi area and the later-sown crops did not yield good produce. The continuous rains of July and August had not only interfered with weeding and ploughing operations but had also greatly damaged the maize crop, which was further attacked by insect pests in some places. The condition of the cotton crop was good on the whole but the prices realized were disappointing. In Rabi, sowings were on an extensive scale and promised a bumper harvest, but the crops were seriously damaged by frost in February and again by hail in March to the extent of annas four to eight in the rupee.

71. The number of central banks remained the same as last year, viz., 4, but the total number of central societies was 6 against 5 in the preceding year. The Ajmer Central Bank has also adopted the new byelaws prepared on the Punjab lines. The members of these 6 central societies consisted of 824 individuals and 420 societies against 792 and 363 respectively in the preceding year. The number of agricultural societies rose from 383 to 425, the number of their members being 12,084 against 12,080. The number of non-agricultural societies was 19 with 4,013 members as against 9 and 3,453 respectively last year.

72. The working capitals of the central agricultural and non-agricultural societies amounted to Rs. 16,95,784, Rs. 19,00,531 and Rs. 2,55,771 respectively against Rs. 14,95,806, Rs. 17,16,555 and Rs. 2,12,023. Thus the total working capital of all the societies amounted to Rs. 33,52,086 as compared with Rs. 34,24,384, showing an increase of Rs. 4,27,702. These figures include Rs. 14,64,120 received by primary societies from central banks against Rs. 11,85,978 last year. After deducting this amount the net working capital of all kinds of societies is Rs. 23,87,966 against Rs. 22,38,406. To the capital of the central banks, viz., Rs. 16,83,249, the Ajmer Central Bank contributed Rs. 10,24,703 against Rs. 9,08,508 in the preceding year; the Beawar Central Bank Rs. 5,26,431 against Rs. 4,63,481; the Nasirabad Central Bank Rs. 84,334 against Rs. 73,782; and the Kekri Central Bank Rs. 47,781 against Rs. 46,445. The working capital of the remaining two central societies amounted to Rs. 12,535 against Rs. 3,590.

73. The number of members of the bank was 436 individuals and 183 societies against 417 and 172 respectively last year. The share capital remained the same, viz., Rs. 1,00,000, while the deposits of individuals increased by Rs. 97,304, the reserve fund by Rs. 8,825, the deposits of societies by Rs. 3,066 and the building fund by Rs. 7,000. The bank advanced Rs. 57,735 to individuals and Rs. 6,75,350 to societies.

Including the balance of the last year's loans, amounting to Rs. 7,44,975, the total of loans issued comes to Rs. 14,78,060; of this a sum of Rs. 5,30,146 was recovered during the year, leaving a balance of Rs. 9,47,914 as recoverable on the 30th June 1920.

The whole turnover of the bank for the year shows an increase of about 5 lakhs of rupees on the working of the last year.

The Provident deposit fund started by the bank last year proved a success. The number of members is 289 against 211 last year and the monthly deposits aggregate Rs. 1,090 against Rs. 760.

74. The number of individual members rose from 240 to 253 and that of societies from 156 to 177. The share capital rose from Rs. 1,00,000 to Rs. 1,00,600, deposits from Rs. 3,48,125 to Rs. 4,09,420 and reserve fund from Rs. 12,480 to Rs. 16,192.

The last year's outstanding balance of loans amounted to Rs. 4,29,658 while the amount advanced during the year under report was Rs. 1,85,713, thus making a total demand of Rs. 6,15,371. The amount realized was Rs. 1,42,426, leaving an outstanding balance of Rs. 4,72,945 at the close of the year.

75. The share capital was the same as last year, viz., Rs. 25,000. The reserve fund amounted to Rs. 2,705 against Rs. 1,905. The last year's balance of loans was Rs. 63,175 and a sum of Rs. 42,381 was advanced during the current year. Thus the total amount recoverable was Rs. 1,05,556, of which a sum of Rs. 22,173 was realized, leaving an outstanding balance of Rs. 83,383 at the close of the year.

76. The share capital was Rs. 12,500 against Rs. 12,350 last year. The reserve fund amounted to Rs. 1,189. The total amount of loans recoverable was Rs. 58,504, including Rs. 46,157 on account of the preceding year's balance. The amount collected was Rs. 11,256, leaving an outstanding balance of Rs. 47,248 on the 30th June 1920.

77. The net profits of all the central societies amounted to Rs. 47,500 against Rs. 51,757 last year. The amount of the reserve fund was Rs. 80,559 against Rs. 59,681.

333 agricultural credit societies, 1 non-agricultural credit society and 19 other societies were financed by the central societies.

78. The co-operative system is making rapid advance in this district and gives cause for reflection as to whether education in co-operative methods is advancing with equal rapidity. The whole structure rests on the foundation of the small societies and their grasp of the co-operative idea. Loans for non-productive purposes mentioned in paragraph 34 of the Registrar's report, such as loans for marriages and funerals are viewed with some misgiving; and the working of the Ajmer credit society (paragraph 47 of the Registrar's report) requires careful watching and it seems doubtful whether the borrowing of money for the purposes of a commercial speculation can be legitimately admitted into co-operative credit system.

Agricultural
Stock.

79. The table below compares the result of the enumeration of agricultural stock in the Khalsa villages during the year under report with the two preceding years:—

	1917-18.	1918-19.	1919-20.
Camels and Bullocks	162,854	122,425	91,896
Buffaloes	38,699	41,614	33,464
Sheep and Goats	2,55,565	204,674	405,741

There was no outbreak of disease among cattle.

SECTION V.
REVENUE AND FINANCE.

A.—IMPERIAL.

(1) Land and Water Revenue.

80. The year under report includes the accounts for the Rabi harvest of 1326 and Kharif 1327 Fasli. Character of the Season (Vide Statement No. 34).

The average rainfall was 19 inches 20 cents, the normal being 21 inches.

The Kharif out-turn was good and the Rabi was fair.

81. The system of fluctuating assessment in the 46 villages worked satisfactorily. Variable assessment.

The following table compares the assessment made in 1919-20 with the standard revenue fixed for those villages.

Name of Tahsil.	STANDARD.			ASSESSMENT FOR 1919-20.

As compared with standard there was a decrease of Rs. 5,440 in the amount assessed, which was due to the fact that owing to the failure of rains the tanks and wells did not receive sufficient water to irrigate the Talabi and Chahi area and the dry area yielded no out-turn. The entire demand of Rs. 14,903 was recovered during the year.

82. The current demand on account of land and water revenue for the year amounted to Rs. 3,45,118 as against Rs. 3,71,193 for the year 1918-19, as detailed below :— Demand and collection etc., of land and water revenue (vide Statement No 35).

87. The total receipts during the year from excise, opium and drugs amount-
ed to Rs. 6,30,170 as against Rs. 5,53,903 in the preceding year. The increase
of Rs. 76,267/- is mainly under the head "Country spirit." The expenditure
amounted to Rs. 23,031 as against Rs. 18,236 in the year 1918-19, leaving
a net revenue of Rs. 6,07,139 as against Rs. 5,35,667 in the preceding year.

The incidence of excise revenue per head of population rose from Re. 1-1-8
in 1918-19 to Re. 1-4-1 in the year under report.

The total issue of country liquor from the distillery, Ajmer, amounted to 85,257·8 proof gallons against 77,365·4 in 1918-19.

The increase in the receipts under the head "Country spirit" is due partly to the increase in the rate of still head duty with effect from the 16th August 1919, and partly to an increase in the consumption of liquor, which is attributable to the following causes:—

1. The recruits and men on leave from their regiments had an abundance of spare cash, much of which found its way to the liquor shops.
2. The adjoining Native states being unable to manufacture liquor in sufficient quantities, owing to the high prices of Gur and Mohwa, smuggling into Ajmer-Merwara thus naturally decreased. There is moreover reason to believe that the inhabitants of adjoining states are beginning to appreciate the superior quality of liquor distilled at the Ajmer distillery. The Chemical Examiner for Custom and Excise, Calcutta, has reported it to be of excellent quality.
3. The celebration of a large number of marriages among almost all classes of people.
4. Increase in the wages of labouring classes.

The contractors, Khan Bahadur Hormusji Manakji and Dossabhoy Hormusji Bhiwandiwalla of Bombay, represented that they were suffering loss, as the prices of Mohwa and Gur had greatly risen. The tender rates were therefore raised from the 16th August 1919 by twelve annas per proof gallon.

The number of country liquor shops was the same as in the preceding year viz., 114.

No liquor shop was opened for the first time in any village during the year 1919-20.

89. 250 trees were tapped and yielded 5,017 gallons of Tari.

Tari.

The revenue realized from Tari was Rs. 300 under a two years contract which will terminate on 31st March 1921.

90. The fees for the vend of foreign liquor, for which 17 licenses were issued during the year, amounted to Rs. 1,945 against Rs. 2,213 in the preceding year. Statistics showing wholesale and retail vend and consumption of foreign liquor are given in appendices. Foreign liquor.

91. The total opium receipts amounted to Rs. 21,115 against Rs. 33,451 in the preceding year. Opium.

The quantity of opium imported into Ajmer-Merwara was 54 maunds, 19 seers, 5 chhataks, 1 tola and 8 mashas, while there was no opium produced locally during the year. It fetched a duty of Rs. 8,717-5-4 against Rs. 17,196-5-6 in the preceding year.

The total number of licenses issued for the wholesale vend of opium was 4 against 5 in the preceding year. The number of shops for retail vend was the

72 licenses were issued for the cultivation of poppy in the Todgarh Tahsil during the year.

The area under cultivation was 31·55 acres and the estimated out-turn 4 maunds, 4 seers and 2 chhataks. 1 maund, 5 seers of opium was exported to Mount Abu and 1 seer and 1 chhatak of contraband opium was sent to the factory at Ghazipur.

92. The receipts from hemp drugs amounted to Rs. 33,734 against Rs. 26,212 in the previous year. The increase is due to the increase in the consumption of Charas. Hemp drugs.

The number of shops for the retail vend of intoxicating drugs was the same as in the preceding year, viz. 16. No drug shop was opened for the first time in any village during the year.

Prosecutions.

93. During the year 38 persons were prosecuted under the Excise Regulations of whom 32* were convicted. Under the Opium Act 24 persons were prosecuted, of whom 20 were convicted. 111 persons were convicted under the Police Act for drunkenness.

General remarks.

94. There is practically no illicit export of excisable articles from Ajmer-Merwara.

The smuggling of liquor and opium in the district has considerably decreased. The consumption of liquor has increased while that of opium is stationary.

The Excise Intelligence Bureau, which was established in 1913, has done useful work in systematising the detection of breaches of the Excise laws.

The work of the Excise staff has been satisfactory. Rai Sahib Munshi Pyare Lal held charge of the post of Excise Superintendent throughout the year, and the efficiency of the Department is largely due to his energy and acumen.

Vide Statement
No. 41.

(3) Stamps.

95. The gross income from stamps amounted to Rs. 2,25,425 as against Rs. 2,36,035 in the year 1918-19, as detailed below:—

	1918-19.	1919-20.	Difference.
	Rs.	Rs.	Rs.
Judicial Stamps	1,92,406	1,78,102	—14,304

Recoveries in Pauper suits	991	...	—991
Total	2,36,035	2,25,425	—10,610

The larger revenue from the sale of judicial stamps during the year 1918-19 was mainly due to the institution of a number of civil suits arising out of the decision given in the Gur Souda case at Beawar. The increase in the sales of non-judicial stamps calls for no remarks.

There were no prosecutions for breach of Stamp law in the year 1919-20.

The discount paid to stamp vendors in the district was Rs. 3,181 as against Rs. 2,879 in the year 1918-19.

The total charges in connection with the working of Stamp Department amounted to Rs. 18,963 as against Rs. 19,023 in the year 1918-19.

96. The number of persons assessed to Income-tax by the Collectors, Ajmer-Merwara, Nasirabad and Kekri during the year under report was 437 against 1,054 last year.

Excess Profit

B. REVENUE AND FINANCE OTHER THAN IMPERIAL.

99. The year opened with a cash balance of Rs. 35,155.

The receipts amounted to Rs. 51,034 as against Rs. 90,165 in 1918-19.

The corresponding figures of expenditure are Rs. 70,737 and Rs. 90,121 respectively.

The receipts decreased by Rs. 39,131 and the expenditure by Rs. 19,334.

The decrease in receipts was mainly due to the facts (1) that in 1918-19 a sum of Rs. 28,088 was recovered on account of advances made for purchase of salt for sale to poorer classes in the urban area, while in 1919-20 the amount left for recovery on that account was only Rs. 3,600; and (2) in 1918-19 a sum of Rs. 10,753, being the unspent balance of the Imperial grant of Rs. 12,000 for education in Ajmer-Merwara was received as Government contribution to primary and secondary schools, while in 1919-20 there were no such receipts.

The decrease in expenditure was due to the fact that in 1918-19 a sum of Rs. 18,236 was advanced for purchase of salt for sale to poorer classes, while in 1919-20 no such advance was made.

The closing balance of the District fund on the 31st March 1920 stood at Rs. 15,402 as compared with Rs. 35,155 on the same date in 1918-19.

*Local Funds.***Dispensary Fund.**

100. The cash balance at the credit of the Ajmer-Merwara Dispensary Fund at the beginning of the year was Rs. 4,940. The receipts during the year amounted to Rs. 12,766 against Rs. 15,880 in 1918-19, showing a decrease of Rs. 3,114, which is due to the fact that during 1918-19 there was a rise in the special contributions towards the Victoria Hospital at Ajmer and a contribution of Rs. 1,040 was received from the District Fund for additions and alterations to the Sub-Assistant Surgeon's quarters at Todgarh.

The expenditure during the year under report amounted to Rs. 13,743 as compared with Rs. 14,174 in the preceding year, showing a decrease of Rs. 431, which is accounted for by a decrease of Rs. 2,571 under heads "Medicines" and "Buildings and repairs" and an increase of Rs. 2,140 under all the other heads of expenditure. The decrease is due to the fact that in 1918-19 additional medicines had to be purchased in consequence of the outbreak of severe influenza epidemic, and a grant of Rs. 1,040 was made to the Public Works Department for additions and alterations to the Sub-Assistant Surgeon's quarters at Todgarh. The increase under the other heads of expenditure is due to the grant of war allowance at enhanced rates to the Dispensary Fund establishment and high prices of all necessary articles in consequence of the war. The year closed with a cash balance of Rs. 3,962. The invested capital remained the same as last year, viz., Rs. 44,000.

Choukidari Fund.

101. The receipts amounted to Rs. 15,564 in 1919-20 against Rs. 12,827 in the year 1918-19.

The increase in receipts is due to recovery of arrears of cess and contribution towards uniforms of choukidars from Istimrari estates.

The expenditure amounted to Rs. 14,424 in the year 1919-20 against Rs. 12,765 in the year 1918-19.

The increase in the expenditure is due to the increased cost of uniforms and to the increase in the rate of pay of choukidars from Rs. 4 to Rs. 5 p. m.

The closing balance on 31st March 1920 at the credit of the fund was Rs. 7,092-12-4. The condition of the fund is good.

Police Chanda Fund.

102. The receipts amounted to Rs. 4,663 as against Rs. 4,171 in 1918-19, showing an increase of Rs. 497. This was due to larger receipts under head "miscellaneous" this year. The expenditure amounted to Rs. 1,934 as against Rs. 3,857 in the year 1918-19. The decrease of Rs. 2,923 was due to the fact that in the last year a sum of Rs. 2,029 was advanced for payment of feeding charges of remounts as well as railway freight on grass.

Nasirabad Cantonment Fund.

103. The total receipts amounted to Rs. 88,751 as compared with Rs. 88,262 in 1918-19. The expenditure amounted to Rs. 88,537 as against Rs. 107,892 in the preceding year, the large decrease being due to the extraordinary expenditure incurred last year for granting refund of cultivation and grazing fees and making improvements. The closing balance at the end of the year was Rs. 9,732.

The Kharif crop and especially the cotton crop being not satisfactory, the Agricultural and Industrial exhibitions had to be abandoned.

NOTES.—Column 2.—Total of the entries in columns 3 to 13. Cases transferred from one Court to another in the same Province will appear only against the Court by which decided, or in which pending at the close of the year, if not decided. The number of cases pending from the preceding year should be noted in the column of remarks, and when deducted from the total of column 2 should leave a balance corresponding with the total of column 38 of Statement VII. If, after deducting the arrears shown at the end of the previous year the balance does not agree with the figures in column 38 of Statement VII, the difference should be explained.

Column 6.—When under Section 102, C. P. C., a decree is wholly or partially made in favour of an absent plaintiff on the admission of the defendant, the case should be entered in this column.

Column 8.—A case in which defendant appears, but a plaintiff does not, and defendant does not confess judgment and the case is thereupon dismissed, the case should be entered in this column.

Columns 15 and 16.—As regards the average duration of suits the date of their presentation of the plaintiff shall be considered at the date of institution, unless some defect or omission requires to be amended before the plaintiff can be admitted, in which case the date of admission after amendment shall be regarded as the date of institution. With regard to applications to executed decrees the date of their presentation should alone be considered. In calculating average duration, the time that the suit has been actually pending in the particular Court should alone be calculated. The interval should be omitted during which an application for review which has been granted, or an appeal in which an order of remand has been passed been pending in the superior Court. Revised suits are to be treated as if newly instituted on revival.

Commissioner and District Judge, Ajmer-Merwara.
